

## J-PLUG HEADLOCK

Cable-free security solution for high theft audio products.

## CABLE-FREE HEADPHONE SECURITY

The patent pending Headlock is the perfect cable-free security solution for high theft audio products. Lock and secure any headphones using the existing headphone jack. The only solution truly catering for in-ear headphones.

## CREATE A SENSE OF OWNERSHIP

The Headlock is the a first of its kind; allowing customers to enjoy their own music.  
Gold plated audio jack ensures premium sound quality.

## WORKS GREAT ALONGSIDE OUR J-PLUG RANGE

Designed and built to a high standard, the J-Plug Headlock looks and feels great in any environment. Paired with the J-Plug Alarm Core and you'll have a complete audio solution that secures and allows customers to freely experience the products.

- A AUDIO JACK LOCK**  
Lock and secure any headphones using existing headphone jack.
- B 2 in 1**  
Allow customers to experience the headphone, or use the same port to secure a additional headphone.

## SECURES A WIDE RANGE OF PRODUCTS

Secure any device with an audio jack; headphones, in-ear and speakers. Above-counter solution that's extremely easy to install and quick to re-merchandise.
